The Republican National Committee will meet in Washington December 6 and 7 to decide on the place and time for holding the next Republican National Convention.

According to the dispatches, Augustus E. Wilson stated in his speech at Henderson that he would consider it an honor to eat with Booker Washington. We should like to hear from Booker.

William Marconi and his assistants at Glace Bay, N. S. inaugurated a regular transatlantic wireless service. Representatives of various newspapers were present at the opening of the service. World-wide interest was manifested in the event, and Mr. Marconi declared that he was entirely satisfied with the result.

The Court of Appeals decides that it is not proven that B. F. French and Alex Hargis aided in hiring the assassins of James B. Marconi. James Hargis and Edward Callahan must pay for the killing. Of course they are not guilty. That question was decided at Sandy Hook in litigation that was epic.—Courier Journal.

Judge S. W. Hager in his speech to a large audience at Bardwell pointed out the fact that capital had been induced to invest in Kentucky during the past few years because of the peace and order that have been maintained by the Democratic administration and the confidence that has been felt in the honesty of the State Government.

"William Jennings Bryan's tour through Western Kentucky in behalf of Judge Hager and the Democratic candidates strengthened the ticket not less than 10,000 votes," said C. W. Bransford, a prominent banker and politician of Owensboro.

Mr. Bryan made the most convincing speech I ever heard and hundreds of Democrats, who were not taking the proper interest in the campaign, became enthusiastic workers after hearing him. This I know is true of Owensboro and Daviess county, where dissatisfaction existed.

Cyrus W. Field will feel foolish if he wakes up some of these days and finds that messages are being fired clear across the Atlantic, when he went to all the trouble of laying a wire cable on the bottom of that vast expanse of water, extending the entire distance from America to Europe. Marconi has put his wonderful system of wireless telegraphy into commercial use between Europe and America.

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

lea and messages are being transmitted successfully, regardless of the wind or weather. Airships that will carry passengers safely are promised as the next great achievement.

Two hundred and fifty dollars was the world's record price paid for a single ear of corn in Chicago.

The ear, a "Boone County White," was knocked down to the highest bidder in an exciting auction at the National Corn Exposition at the Coliseum. The buyer of this ear of corn, a bushel at that rate would have sold at \$15,000—was the man who raised it. L. B. Clore, a tall, athletic appearing farmer from Franklin, Ind.

He has taken more prizes than any other man in the show, prize amounting to nearly \$8,000, including a Texas farm. The ear was taken from one of ten that took the sweepstakes in their class.

Mr. Clore did not have everything his own way in the bidding. He started it at \$50 and it was run up rapidly.

The return of President Roosevelt to Washington, a great gathering of business and professional men at Chicago, to take part in the National Civic Federation's Conference on trusts and combinations; the tour of William J. Bryan through the New York State; a continuation of the Interstate Commerce Commission's hearing in the cases of the Union Pacific and Chicago and Alton railroad cases; arguments of counsel in the cases of prominent insurance officials indicated as a result of the insurance investigation in New York State, and arguments in the ouster proceedings brought against the Standard Oil Company by the State of Missouri, are among the events which had a prominent part in the news of the week.

Sheriff J. B. Clayton has paid to the County Treasurer \$6000 of 1907 money, and the Treasurer is now at work to find how far this will reach in the list of claims. Announcement of the result will be made in the News, that holders may come in and get their money.

This is the earliest that county claims have ever been paid in Lawrence county. Heretofore the Sheriffs have used all the money collected up to December 1st to pay the State (with the exception of the year John Burns collected, and he was not appointed until later than this). This year the county gets its share of every dollar collected and the people who hold 1907 claims will get their money earlier than ever before. The law is now very plain on this point and if complied with there should be more satisfactory results hereafter.

It does not make much difference whether you vote on the constitutional amendment. The effectiveness of the measure was destroyed by a mistake of a word in the enrolling clerk.

Every Democrat should turn out on election day and vote the ticket. Do not depend upon your neighbor to do the voting. Some of them may be depending upon you.

No judicial district in the State has the opportunity of securing a cleaner, abler Circuit Judge than has this district in the person of Judge J. B. Hannah.

R. A. Stone candidate for Sheriff is fully acquainted with his duties and will execute them without fear or favor.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular stomach remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and salivary complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Trade Talks from a Busy Store

These are days of strenuous endeavor in every department at our store. New arrivals in almost every line, makes our stock doubly interesting to the shopper. We have established a New York Office right in the heart of the business district, and have expert buyers selecting those new things that always make their appearance at the eleventh hour, and forwarding these to us by the first express. In this way we are able to show our customers these new creations two days after they make their first appearance on the market in New York, and in some instances, before the retail stores of the large cities place them before the public. We believe in going to headquarters—buying our merchandise from first hands—and in offering them to the public first.

NEW AUTUMN SUITS

Conspicuous among them, is a late shipment we received by express Saturday afternoon. These go on display today for the first time, and consist of the ultra fashionable creations—the latest word in suits for fall wear. Our suits are moving rapidly and we would urge that you select without delay in order to secure the best values.

STYLISH SILK COSTUMES

Robertson's is conceded to be the standard, and consequently we bought that special make. We have a large and select showing in these popular garments, priced at popular figures. These are made from the very best grade of silk—Have a style of their own—an air of exclusiveness not found in other suits—Those distinguishing lines that make for perfection in dress. Make it your special business to see these garments on your next visit.

NEW ARRIVALS IN MILLINERY

Our Millinery Department presents a new appearance every day—hats going out, hats coming in—an endless procession of these exclusive models found only in the best of shops. We have just placed on display a large and select showing of the newest creations. Our display is at its best to-day.

FANCY FALL WAISTS

In addition to our general line of Fall Waists, we call special attention to those new creations, patterned after the French models, in the new novelty effects—something different from anything we have shown this season—nothing prettier on the market—ranging in price \$10.00 to \$40.00. Ask on the second floor to see these new creations.

CHILDREN'S SILK DRESSES

In the hurry and bustle of preparation for adult needs, we did not forget the rising generation, and have provided for the needs of the children fully and completely. We call special attention to our new line of children's silk dresses. These are made from suitable materials, properly trimmed, and are as fine and beautiful as the garments we are showing for adult wear. Mothers may save themselves a lot of worry by visiting this department.
